Purpose of a Student Code of Conduct

The Student Code of Conduct that follows is the District's response to the requirements of Chapter 37 of the Texas Education Code. The law requires the District to establish standards of student conduct and to identify the circumstances under which a student may be removed from a classroom, campus, or alternative education program, transferred to an alternative education program, suspended, or expelled.

This Code has been adopted by the SAISD Board of Trustees with the advice of campus and central office administration. The Code provides information to parents and students regarding expectations for behavior, consequences of misconduct, and procedures for administering discipline.

Annually, we provide you access to the Code of Conduct on the District's website or provide a hard copy of the Code of Conduct upon request. It is also available for review in the principal's office of each campus in the District. This Code is not a contract and can be amended by the District at any time. However, any change or amendment to the Code will be approved by the Board of Trustees.

Violations of the Code of Conduct are documented by teachers and other professional employees using a Code of Conduct Violation Form. An effort will be made to notify the parent/guardian of all code of conduct violations in a reasonable amount of time.

Teachers and principals may impose campus or classroom rules in addition to those found in the Student Code of Conduct. These rules may be posted in classrooms or given to the student and may or may not also constitute violations of the Student Code of Conduct. To the extent those rules address the same topics covered in the Code of Conduct the campus may impose additional restrictions or penalties.

Standards of Student Conduct

The District is committed to the rights of students as recognized and protected under state and federal laws. In addition, the District has enumerated certain expectations (responsibilities) regarding student behavior that, when adopted by students, effect a positive influence on the school and community. A proper balance between rights and responsibilities is essential if the District is to provide the kinds of educational experiences that promote self-responsibility and enhance educational opportunities for all students.

Five standards of student conduct are offered as guides to the development of Campus Classroom Rules for each campus, as well as a district wide model. These standards assert that responsible students should be encouraged and taught to:

1. Exercise self-control.
 - a. Use courteous language.
 - b. Resolve conflict in a mature manner.
 - c. Be appropriately dressed and groomed.
 - d. Demonstrate a positive attitude.
2. Take a leadership role.
 - a. Be polite.
 - b. Be cooperative.
3. Respect the rights and feelings of others.

- a. Behave in a manner that does not disrupt others.
- b. Treat others with courtesy and respect (i.e., put oneself in the place of the other person, whether that person is another student, teacher, parent, community person, administrator, lunchroom or custodial worker, or any other person on campus.)
- 4. Take responsibility for school property.
 - a. Respect the building, grounds, and property.
 - b. Keep the campus free from trash and graffiti.
- 5. Support the learning process.
 - a. Attend all classes regularly and on time.
 - b. Be prepared for class (i.e., bring assignments, books, and supplies).
 - c. Listen carefully to instructions.
 - d. Participate in class activities.

The District wide plan to promote positive student conduct in conjunction with the campus/classroom rules is designed to maintain order in the school, foster a climate of mutual respect for the rights of others, and teach students that they are responsible for conducting themselves in a manner appropriate to their age and level of maturity.

Expectations for Student Behavior

Each student is expected to:

1. Demonstrate courtesy and respect for others, even when others do not.
2. Behave in a responsible manner, always exercising self-discipline.
3. Attend all classes, regularly and on time.
4. Be prepared for each class; take appropriate materials and assignments to class.
5. Be well-groomed and dressed appropriately, as articulated in the SAISD Student-Parent Handbook and in campus handbooks.
6. Obey all campus and classroom rules.
7. Respect the rights and privileges of other students and of teachers and other District staff.
8. Respect the property of others, including District property and facilities.
9. Cooperate with or assist the school staff in maintaining safety, order, and discipline.
10. Avoid violations of the Student Code of Conduct.

Campus Behavior Coordinator

As outlined in the SAISD **District of Innovation Plan**, the district will use the following local innovation strategy: San Angelo ISD will maintain all the duties and responsibilities outlined for a Campus Behavior Coordinator and will allow the role to be fulfilled by more than one administrator on campuses. The designated person or persons, may be the principal of the campus or any other campus administrator selected by the principal. The campus behavior coordinator is primarily responsible for maintaining student discipline.

General Authority to Impose Discipline

The Texas Legislature has delegated the authority to manage independent school districts and discipline students to the Board of Trustees and its employees. A significant part of the District's educational mission is to instill the habits and manners of civility and to teach students the boundaries of socially acceptable behavior. The District's Code of Conduct is enforced to further this mission.

The school has the authority to administer discipline whenever the interest of the school is involved, on or off school property, in conjunction with or independent of classes and school-sponsored activities. The District's disciplinary authority applies:

1. During the regular school day and while the student is going to and from school on District transportation;
2. Within 300 feet of school property;
3. While the student is participating in any activity during the school day on school grounds;
4. While the student is in attendance at any school-related activity, regardless of time or location;
5. While on school property or at school activity of another Texas public school district.
6. For any school-related misconduct, regardless of time or location;
7. When the student retaliates or threatens retaliation against a school employee, regardless of time and location;
8. When the District has a reasonable basis to believe the student has engaged in conduct that would be punishable as a felony, as provided by Texas Education Code § 37.006;
9. And when the student is involved in criminal mischief on or off school property or at a school-related event;
10. When a student engages in cyberbullying, as provided by Education Code 37.0832;
11. When the student makes a false alarm or report of bombing, fire, or other emergency involving a public school, regardless of time or location,
12. When the student makes a terroristic threat involving a public school, regardless of time or location;
13. When the District has a reasonable belief the student committed an aggravated robbery against another student, regardless of time or location.

Section 1.02 The District does not exercise its jurisdiction over students at school bus stops off of school property or after a student has exited a school bus.

Discipline of Students with Disabilities

Federal law regarding the education of students with disabilities (IDEA and Section 504) imposes specific procedures and limitations on the discipline of students with disabilities. For further information on this topic, please contact the principal, who will direct you to special education staff or the Director of Special Education. Information is also available to parents of students with disabilities in the "Explanation of Rights and Procedural Safeguards of a Parent with a Child with Disabilities in School," which is provided to parents at the time of admission to special education and annually.

The discipline of students with disabilities is subject to applicable state and federal law in addition to the Student Code of Conduct. To the extent any conflict exists, state and/or federal law shall prevail.

In accordance with the Education Code, a student who is enrolled in a special education program may not be disciplined for conduct meeting the definition of bullying, harassment, or making a hit list (see glossary) until an ARD committee meeting has been held to review the conduct.

In deciding whether to order suspension, DAEP placement, or expulsion regardless of whether the action is mandatory or discretionary, the district shall take into consideration a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.

Notification

The campus behavior coordinators shall promptly notify a student's parent by phone or in person of any violation that may result in in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The campus behavior coordinators shall also notify a student's parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code. A good faith effort shall be made on the day the action was taken to provide to the student for delivery to the student's parent written notification of the disciplinary action. If the parent has not been reached by telephone or in person by 5:00p.m. of the first business day after the day the disciplinary action was taken, the campus behavior coordinator shall send written notification by U.S. Mail. If the campus behavior coordinator is not able to provide notice to the parent, the principal or designee shall provide the notice.

Before the principal or appropriate administrator assigns a student under 18 to detention outside regular school hours, notice shall be given to the student's parent to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer shall have the authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and:

1. The person poses a substantial risk of harm to any person; or
2. The person behaves in a manner that is inappropriate for a school setting, and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with FNG(LOCAL) or GF(LOCAL), as appropriate.

Code of Conduct Format

The information in this Code of Conduct is presented through informational statements and paragraphs and in a question and answer format.

The questions and answers listed are intended to provide important information regarding the processes and procedures of this District's Code of Conduct.

Prohibited Conduct and Disciplinary Consequences

In imposing discipline, administrators will consider:

1. The seriousness of the offense.
2. The student's age.
3. The student's attitude.
4. The potential effect of the misconduct on the school environment.
5. Whether the student was defending himself or herself.
6. The student's current year disciplinary record.
7. Intent or lack of intent at the time of the conduct.
8. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, but only as required by federal law and regulations related to discipline of students with disabilities.

The seriousness of the offense and any mandatory consequences established by this Student Code of Conduct will outweigh all other factors.

Consistent with the policy choices articulated within this Code, the following disciplinary measures may be used, alone or in combination, for misbehavior that violates the Student Code of Conduct:

1. Detention.
2. In School Suspension (ISS) including Saturday ISS when available.
3. Removal to a short term discipline alternative education program (Short Term Carver)
4. Removal to a temporary off-campus placement (Student Adjustment Center)
5. Suspension from school, not to exceed three school days at one time.
6. Removal to a long term discipline alternative education program (Long Term Carver)
7. Extension of a discipline alternative education program removal term.
8. Expulsion from school.

What minimum procedures will be provided each student facing discipline? Each student will be told what infraction the administrator believes the student to have committed. Each student will then be given the opportunity to tell his or her side of the incident. The student's admission of the offense negates the need for further investigation or procedures.

How and when will we contact you about disciplinary action? Parents are responsible to provide to the campus administration each year the address and telephone number(s) at which parents can be reached and to update those numbers as necessary. School officials will use the information provided by the parent to contact parents about disciplinary matters. Parents will be notified or attempted to be notified of any code of conduct violations that result in Saturday ISS & regular ISS assignments within 3 school days of the offense either by telephone or in writing. The parent/guardian of students committing more serious offenses will be contacted or attempted to be contacted on the day of the offense.

What consequences will occur when a student is an accomplice in an offense? Any student who assists, encourages, promotes, or attempts to assist in the commission of a serious offense will receive the same punishment as a student who actually engages in the conduct.

Physical Restraint

In some circumstances, it may be necessary for a district employee to use force, but not deadly force, to physically restrain a student in order to lead, guide, and direct the student or to protect the student or any other person from physical injury, to obtain possession of a weapon or other dangerous object, to protect property from serious damage, to remove a student who is refusing to comply with a legitimate directive from a school employee from a specific location in order to restore order or to impose disciplinary measures, or to restrain an irrational student.

Detention

For minor infractions of the Student Code of Conduct, administrators may detain students after school hours on one or more days. Students may also be detained during the lunch hour and before classes begin. Additionally, some campuses may operate Saturday detention. Detentions will typically be assigned for minute increments; i.e., 45 minute lunch detention.

What offenses warrant detention? Teachers are responsible for administering appropriate intervention techniques when students misbehave, including assigning teacher detention as a consequence. Detention will be assigned by an administrator, depending on the circumstances or

after intervention has been attempted by the teacher and has failed, for the following offenses:

1. Three or more unexcused tardies to an individual class per six weeks.
2. Disturbing class/school environment.
3. Failing to complete teacher detention or comply with rules of teacher detention.
4. After 2 teacher detentions, committing further violations of classroom rules.
5. Leaving the building, grounds, or assigned activity without permission at an open campus, (i.e., grades 11 and 12 at the high school).
6. Cutting class and/or leaving the classroom or other scheduled activity without permission.
7. Refusing to participate/work in class.
8. Violating the dress code.
9. Loitering. (failure to leave campus within a designated timeframe)
10. Inappropriately engaging in acts of familiarity with other students (PDA-public display of affection).
11. Disobeying school rules about conduct on buses.
12. Failing to follow teacher directives.
13. Possessing matches or a lighter.
14. Exhibiting unacceptable physical contact not resulting in bodily injury (i.e., horseplay).
15. Cheating.

If the student is a minor, the parent or guardian will be required to provide necessary transportation when a student has been assigned to detention.

Can teachers detain students? Yes. For violation of classroom rules, teachers may detain students after school hours on one or more days. Teachers may also detain students during the lunch hour and before classes begin. Like administrative detentions, teacher detentions will typically be assigned for minute increments; i.e., 45-minute lunch detention or 30-minute before or after school detention. The student will report to the teacher's classroom to serve the detention unless otherwise notified. As with administrative detentions, an effort will be made to notify the parent/guardian of all code of conduct violations in a reasonable amount of time.

Before a teacher assigns a student under the age of 18 to detention outside regular school hours, notice shall be given to the student's parent to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

In School Suspension (ISS)

For more serious infractions of the Student Code of Conduct, administrators shall assign a student to one or more days of in-school suspension where, under the supervision of a teacher or an aide, students will complete assignments given them by their regular teachers. Students serving ISS assignments are not permitted to participate in or attend any extracurricular activities, including practices.

How long are ISS assignments? Students are assigned to ISS with a written order that states the number of school days that must be successfully served. The length of all ISS assignments is at the discretion of the administration.

What is a "successful day"? Students will be credited with a "successful day" of ISS assignment if the student is present, completes all assigned work, follows all rules for the ISS, and engages in no additional violations of the Student Code of Conduct.

Are there any other circumstances that could warrant placement in ISS? Students may be

placed in ISS during an investigation of suspected code of conduct violations.

What if a student transfers within the District while assigned to ISS? Students, who transfer to another school within the district, will be required upon enrollment in the new school of this District to complete the number of days assigned to the ISS program before being allowed to attend their regular campus schedule. This requirement to complete the ISS assignment includes students who withdraw from this District for the purpose of home schooling.

What is Long Term ISS? The initial length of most ISS assignments is for 5 days or less. Initial ISS assignments of 5 – 15 days are considered Long Term ISS assignments.

What specific infractions warrant placement at ISS? Students will be placed in the District's In School Suspension (ISS) program when the student commits any one of the following offenses:

1. Any repeated behavior warranting detention (no fewer than 3).
2. Failing to serve general detention
3. Distributing non-approved materials FNAA (Local).
4. Using profane, obscene, indecent, or racially or ethnically offensive language and/or physical gestures to other students, cursing, using intimidation via name-calling, or derogatory statements to other students.
5. Forgery, including signing a parent's name, or "false call," i.e., impersonating another person.
6. Possessing tobacco products at a high school, junior high school, middle school, or 9th grade campus.
7. Possessing ammunition.
8. Possessing stereo head sets, CD players, cassette players, or electronic games without permission after such items have been confiscated previously.
9. Possessing mace, pepper spray, or stun gun.
10. Computer misuse.
11. Fighting, i.e., mutual combat, disorderly conduct, affray.
12. Defiance of authority of school personnel.
13. Vandalizing property of others, resulting in damage not more than \$50.
14. Possessing fireworks of any kind, smoke or stink bombs, or any other pyrotechnic device.
15. Possessing or using a laser pointer for other than an approved use.
16. Possessing material that is pornographic or sexually explicit.
17. Gambling.
18. Throwing objects that can cause bodily injury or property damage.
19. Motor vehicle violations, reckless or dangerous driving
20. Violating rules of safety that result in bodily injury to another student.
21. Possession or use of any substance represented to be an illegal drug, a dangerous or controlled substance.
22. Violating rules of safety resulting in damage to anyone's property.
23. Falsification of records, passes, or other school related documents.
24. Violating District's policy on prescription drugs and over-the-counter drugs at school.
25. Using tobacco products.
26. Malicious damage to textbooks.
27. Damaging or vandalizing school property resulting in damage less than \$250.
(restitution may be sought regardless of the age of the student)
28. Leaving the classroom, building, grounds, or assigned activity without permission
29. Possessing knives of any kind (even those less than 5 ½ "), razors or chains.
30. Unauthorized videotaping/photography/recording of any kind

32. Possession or use of any substance represented to be a prohibited substance (vapor cigarette)
33. Inappropriate drawing – any drawing that depicts or is related to negative behavior, violence or any prohibited/illegal substance

A new offense that occurs while a student is in ISS may result in more serious disciplinary consequences. Any assignment of additional time or a revised placement requires a new referral and conference.

Suspension

What is suspension and what does it mean? Suspension is when a student is removed from any SAISD campus and sent home. A student who is suspended is not allowed to attend or participate in any school-related activity or school-sponsored event, including practices. The student shall not be on any SAISD property during the term of the suspension. Suspension is often used along with other forms of discipline. Days of suspension are considered excused absences.

When and for how long will a student be suspended? The principal or other appropriate administrator may suspend a student for a maximum of three school days at a time if the student violates the Code of Conduct by engaging in any prohibited conduct.

How many times can a student be suspended? Neither state law nor this Code of Conduct imposes a limit on the number of times a student may be suspended during a semester or school year.

HB 674 regarding out-of- school suspension for students below grade 3 states the following;

The district shall not use out-of-school suspension for students in grade 2 or below unless the conduct meets the requirements established in law. A student in grade 2 or below shall not be placed in out-of-school suspension unless, while on school property or while attending a school-sponsored or school-related activity on or off school property, the student engages in:

- Conduct that contains the elements of a weapons offense, as provided in Penal Code Section 46.02 or 46.05;
- Conduct that contains the elements of assault, sexual assault, aggravated assault, or aggravated sexual assault, as provided by the Penal Code; or
- Selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana, an alcoholic beverage, or a controlled substance or dangerous drug as defined by federal or state law.

Conditional Attendance

An administrator may impose conditions that must be met in order for a student to return to school. As an example, the administrator may require the student's parent/guardian to meet with a teacher and/or an administrator in order for the student to resume their regular schedule. Students with these imposed conditions are not considered suspended. Absences that occur due to the conditions not being met would not be automatically considered an excused absence.

Discipline Alternative Education Program

General DAEP Information

What is a DAEP? Each District in the State of Texas must operate a Discipline Alternative Education Program (DAEP) for students who have committed certain serious offenses. The DAEP

19. Distribution of synthetic cannabinoids (K2, Spice).
20. Engaging in bullying that encourages a student to commit or attempt to commit suicide; or inciting violence against a student through group bullying; or releasing or threatening to release intimate visual material of a minor or a student who is 18 years of age or older without the student's consent.

NOTE: All the above mentioned offenses are considered serious offenses. Definitions of the above offenses can be found in the glossary section of the Code of Conduct.

What kinds of courses are taught at the Long Term DAEP? Instruction in the DAEP will focus on English Language arts, mathematics, science, history, and self-discipline. The curriculum in the DAEP is aligned with the District curriculum at each campus. Students will receive instruction or an equivalent substitution in Advanced Placement or Honors courses, electives, laboratories, or foreign languages in the DAEP. The District will provide an opportunity for students who have been placed in the DAEP to complete coursework necessary to fulfill high school graduation requirements for the recommended program before the beginning of the next school year, if the term of the student's placement is such that the student is not able to continue enrollment in all his or her courses. The opportunity to complete course work will be provided through any method available, which may include summer school, distance learning, or correspondence courses. The District will not assess any charge for the student to complete a course under this provision.

How is a student assigned to DAEP? Students are assigned to the DAEP with a written removal order that states the number of school days that must be successfully served. Students will be credited with a "successful day" of DAEP assignment if the student is present, completes all assigned work, follows all rules for the DAEP, and engages in no additional violations of the Student Code of Conduct.

What are the guidelines for a student who is enrolled in special education that is being placed in DAEP for a discretionary offense? Students that are enrolled in special education that are being placed in DAEP for a discretionary offense should be placed at the Student Adjustment Center pending a manifestation ARD meeting. If the decision of the ARD allows for placement in the DAEP, the student would be placed in DAEP and given credit for the time served in the Student Adjustment Center.

What are the guidelines for the term of DAEP placement? The minimum length of assignment to LTC for a mandatory offense is 30 days on the first assignment in a school year and 45 days for a second assignment. For discretionary offenses, the length of assignment shall be 15 to 30 days at the discretion of the administrator that is making the discipline assignment. For offenses that occur in the last six weeks of school, the Director of Student Services will determine whether to make the assignment term equal to the number of days remaining in the school year or to extend the assignment into the following school year. In some circumstances, a placement term may be longer than one year. If, after a review, the administrator determines that the student is a threat to the safety of other students or to employees or that an extended placement would be in the student's best interest.

Are there any limits on the term of a DAEP assignment? The DAEP Placement Committee will determine the assignment of a student who has 10 or fewer days left to serve on their assignment at the end of the school year. If the DAEP Placement Committee determines that 1) the student's presence on the regular campus poses a danger of physical harm to the student or another individual; or 2) the student has engaged in serious or persistent misbehavior that violates the District's Student Code of Conduct, it may extend the placement into the next school year. In addition, the DAEP administrator may extend the original term of placement based on new violations that occur while the student is attending the DAEP, including violation of DAEP rules, by following the procedures for initial DAEP placement, (i.e., a conference with student and parents)

Are some offenses subject to a different length of assignment? Yes. A student who has received punishment through the criminal justice system for sexually assaulting another student, regardless, of whether the conduct occurred on or off school property, and who cannot be assigned

to a campus other than the campus where the victim of the assault is assigned may be assigned to the DAEP for so long as both students are enrolled in the district.

May students assigned to the DAEP (Long Term or Short Term) participate in school activities? Students assigned to a DAEP are prohibited from all other SAISD property during their placement. A criminal trespass warning will be issued at the time of assignment to DAEP, and if they appear on any school property, they will be treated as criminal trespassers. Students may not participate in or attend extracurricular activities, including seeking or holding honorary positions and/or membership in school-sponsored clubs or organizations during the term of their assignment.

What happens to students younger than 6 who commit serious violations? Students younger than six will not be placed in an alternative education program for any reason other than bringing a firearm to school.

Withdrawing a student from school does not affect the District's authority to schedule and conduct a conference on the student's conduct and to enter an order of removal, regardless of whether the student or parent is present to participate. The order of removal will be included with the records sent to any transferring school, including another public school, a campus charter program, or an open-enrollment charter school, and that District or school will be empowered to exercise its authority to honor the removal.

Furthermore, even if we do not complete the removal process and issue a removal order, we will send disciplinary records to the next school, and that school has the authority to complete the removal process and issue a removal order.

Students may receive credit toward completion of DAEP assignments for days in which the student is in the Juvenile Justice Center or a day treatment program. Credit for students for time spent in long term residential placements will be evaluated on an individual basis by the Director of Student Services.

Students who transfer out of this District to another public or private school will be required upon return to this District to complete the number of days missed in the Discipline Alternative Education Program before being allowed to return to the regular campus. However, a student whose records indicate that the term of removal was served in another school district or charter school will not be required to return to the DAEP. The requirement to complete the assignment includes students who withdraw from this District for the purpose of home schooling, and students who do not attend SAISD's Discipline Alternative Education Program or another District's DAEP for the duration of the placement for any reason (other than reasons which constitute an "excused absence" under District policy).

If a student transfers into this District from another school district in which the student was placed in a Discipline Alternative Education Program, SAISD may continue the DAEP placement under the terms of the order provided by the sending school district or modify the placement. Each placement consideration will be evaluated on an individual basis by the Director of Student Services.

If a student transfers into this District from an open-enrollment charter school or from another state and the District receives a copy of the removal order in the records from the other school, the district may enforce the terms of that removal order, provided the grounds for removal to DAEP in the charter school or other state are grounds for removal in the District.

Can seniors in the DAEP participate in graduation ceremonies? When a student is placed in the DAEP during the 12th grade, the District will generally allow that student to participate in

graduation ceremonies, provided that all pre-requisites for graduation are met and provided that the student has successfully completed all of the days that the student was assigned to the DAEP. However, if the DAEP assignment occurs within the last 30 school days of the school year, the student may not be permitted to participate in graduation ceremonies. If the student in question has unexcused absences or has not completed his or her days in the DAEP for any other reason, such as withdrawal or transfer to another school district, the student will not be allowed to participate in graduation ceremonies. The principal of the student's home campus, in consultation with the Director of Student Services, may determine that a student who has completed a DAEP assignment should nonetheless be excluded from graduation ceremonies.

Are there other circumstances that could result in a Long Term DAEP Placement?

Yes. The DAEP Placement Committee has the authority to place a student in the Long Term DAEP for persistent misbehavior. Persistent misbehavior is defined for this purpose as two or more violations that have resulted in a Long Term ISS, SAC or STC placement. The campus administrator will refer students that engage in persistent misbehavior to the DAEP Placement Committee for consideration of a long term assignment. The DAEP Placement Committee may assign a student to any of the disciplinary options available within the district or the student may be referred back to his/her home campus.

NOTE: A student who is charged with an offense warranting expulsion may be suspended for 3 days and /or placed in the Student Adjustment Center during an investigation and pending the expulsion hearing.

Is there any conduct unrelated to school that would warrant DAEP placement? A student will be removed from class and placed in a Discipline Alternative Education Program by the Director of Student Services if she/he is involved in off-campus criminal conduct punishable as a felony under Title 5, of the Texas Penal Code. The following situations could result in DAEP placement:

1. Receiving deferred prosecution under Family Code 35.03 for conduct defined as a felony in Title 5 of the Penal Code.
2. A court or jury finding of delinquent conduct under Family Code 54.03 for conduct defined as a felony in Title 5 of the Penal Code.
3. A finding by the Director of Student Services that he or she has a reasonable belief that the student has engaged in conduct defined as felony offense in Title 5 of the Penal Code.

However, if more than a year passes from the date of the off-campus criminal offense to the time that a school administrator learns of the offense, the administrator is not required to place the student in the DAEP.

What are Title 5 offenses? Title 5 offenses are crimes against a person, identified in Title 5 of the Texas Penal Code. Specifically, Title 5 offenses include murder; capital murder; manslaughter; criminally negligent homicide; kidnapping; aggravated kidnapping; indecency with a child; sexual assault; aggravated assault; aggravated sexual assault; injury to a child, elderly individual, or disabled individual; abandoning or endangering a child; deadly conduct; terroristic threat; aiding a person to commit suicide; and tampering with a consumer product.

Is there any other conduct other than Title 5 offenses unrelated to school that could cause a student to be placed in a DAEP? A student will be removed from class and placed in a Discipline Alternative Education Program for off-campus criminal conduct punishable as a felony, other than offenses defined by Title 5, Texas Penal Code, if the Director of Student Services, in consultation with the campus principal, determines that the student's continued presence in the regular

classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

Can a juvenile court order a student placed in a DAEP? The juvenile court may order a student to attend the district's DAEP as a condition of probation, regardless of whether the school district has a basis for imposing discipline on the student. When the juvenile court orders a student to attend the DAEP as a condition of probation, the district, after receiving a copy of the order, will immediately transfer the student to the DAEP for the period of time designated by the court. However, state law prohibits the juvenile court from ordering a student who has been expelled from the district to attend the DAEP.

Other court-ordered placement in DAEP: When the district receives a copy of an order from a justice or municipal court indicating that a student must attend the DAEP as a condition of a term of probation under Code of Criminal Procedure 45.051, the Director of Student Services will hold a conference as described in Procedures for Removal to a DAEP and determine whether the student should be assigned to the DAEP or should remain in the regular school setting. The Director of Student Services will consider the nature of the misdemeanor offense resulting in the order in making this determination.

What is the relationship between the criminal justice system and the school system? The school district may place a student in the DAEP and/or continue a student's placement in the DAEP regardless of any action or lack of action taken by the criminal justice system.

Does a student have to be arrested or convicted of a felony offense before the District can place the student in a DAEP? No. A student may be removed from class and placed in a DAEP if the administration has a reasonable belief that the student has committed a felony offense. If the offense is a non -Title 5 felony, prior to the student's being placed in the DAEP, the administration must also determine that the continued presence of the student in the regular classroom threatens the safety of other students or teachers or that that it will be detrimental to the educational process.

In determining whether there is a reasonable belief that a student has engaged in conduct defined as a felony offense in the Penal Code, the administrator may consider all information available, including information furnished by law enforcement.

What options does the school have if the student is found guilty of a Title 5 felony offense? The administration must place the student in DAEP if the conviction, deferred adjudication, or determination of delinquency occurs during the school year while the student is enrolled in a district school and the student is not otherwise confined under the authority of the criminal justice system. The administration also has the authority to place a student in DAEP, after a conference with the student and parent, if it determines that the student's presence in the regular classroom threatens the safety of other students or of district's employees, is detrimental to the educational process, or is not in the best interest of the district's students.

The administration can order DAEP placement for a student who has received deferred adjudication or been determined delinquent based on a Title 5 felony regardless of the date of the conduct, where the offense occurred, whether the student was enrolled in the District at the time, or whether the student has successfully completed any court disposition requirements. The placement order in this circumstance can be for any period the administration considers necessary and is not limited to one year.

The decision regarding DAEP placement in this circumstance is final and may not be appealed.

What happens if the courts later say the student did not commit the offense or the student is not prosecuted for other reasons? If, after the placement, the administration receives notice from an appropriate law enforcement agency that the student was found not guilty of the felony offense and the case was dismissed with prejudice, or that the student was not prosecuted and no formal proceedings, deferred adjudication, or deferred prosecution was initiated, the administration will review the student's placement in the DAEP. This requirement applies only when the student has been placed in the DAEP for conduct unrelated to school; a student placed in the DAEP for conduct that occurs on or within 300 feet of school property or at a school-related event or activity will ordinarily remain in the DAEP until the assignment has been served, regardless of additional information from an appropriate law enforcement agency.

The student will remain in the DAEP pending the review, which will take place within three class days of the administration's receiving the notice. The parents or guardian will be provided an opportunity for input. However, if after the review the administration believes that the presence of the student in the regular classroom threatens the safety of other students or teachers, the administration may continue the student's placement in the DAEP.

If the student is not being prosecuted for the out-of-school offense, but the school wants to continue the DAEP placement, what rights of appeal does the student have? The student or the parent or guardian may appeal the decision of the administration to continue the student's placement in the DAEP to the SAISD Board of Trustees. The appeal will be heard at the next regularly scheduled board meeting, where the board will review the notice letter from law enforcement and receive information from the administration and the student or the student's parent or guardian.

The decision of the Board of Trustees may be appealed to the Commissioner of Education. The student remains in the DAEP pending all appeals.

Procedures for Removal to a DAEP

Will the student have a chance to dispute the allegations? Before a student is placed in a discipline alternative education program, the principal or designee will tell the student briefly why he or she is being removed to that program and explains that the student will have an opportunity to give his or her version of events at a campus-level conference to be scheduled and held within 3 school days. If the offense is one that would require a mandatory DAEP placement, the student will have an opportunity to tell his or her side of the story at the campus conference.

What is the DAEP Placement Committee? A committee of central office administrators comprised of the Director of Student Services and two to six others, depending on availability will make decisions on discretionary DAEP removals that are based on persistent misbehavior offenses. The campus administrator and the parents will have an opportunity to make a presentation to the DAEP Placement Committee regarding the recommendation for DAEP placement.

Will parents have an opportunity to provide input? Within three class days after the day the student is charged with the mandatory DAEP offense, the principal or designee will contact the parent by telephone or in writing to schedule and hold a conference with the student and the parents. If the student was removed from class by a teacher, the teacher will also be present. The administrator will make efforts to ensure that all invited parties can attend.

What if the parent cannot attend the conference? The principal or designee or the DAEP Placement Committee may proceed with the conference without the parents or student present, so long as the parents and student have been notified of the meeting. Whether or not the parents or the student attends the conference, the student will receive oral or written notice at the conference from the principal or designee or the Director of Student Services of the reason(s) for the removal and the offense the student is charged with violating. The student will have an opportunity at that time to explain or respond to the reasons for removal.

If the principal or designee or the DAEP Placement Committee determines that the student should be removed, the student and parents will receive a written removal order no later than two days after the conference, memorializing the conference and stating the length of the DAEP assignment, and any conditions or other requirements related to the DAEP assignment.

Likewise, a copy of the order (and any information required under Family Code 52.04) will be forwarded to the authorized officer of the juvenile court in the county in which the student resides.

Family Code 52.04 requires the following to accompany all referrals;

1. all information in the possession of the person or agency making the referral pertaining to the identity of the child and his address; the name and address of the child's parent, guardian, or custodian; the names and addresses of any witnesses; and the child's present whereabouts;
2. a complete statement of the circumstances of the alleged delinquent conduct or conduct indicating a need for supervision;
3. when applicable, a complete statement of the circumstances of taking the child into custody; and
4. when a referral is made by an officer of a law enforcement agency, a complete statement of all prior contacts with the child by officers of that law enforcement agency.

Unless otherwise specified in the placement order, days absent from a DAEP shall not count toward fulfilling the total number of days required in a student's DAEP placement order.

Emergency Placement

The principal, superintendent, or the superintendent's designee may order a student immediately placed in an alternative education program if his or her behavior is so unruly, disruptive, or abusive that it seriously interferes with school operations or activities.

When an emergency placement is necessary because the student's behavior is so unruly, disruptive, or abusive that it seriously interferes with classroom or school operations, the student will be given a verbal notice of the reason for the action, which must be one of the District's reasons for DAEP placement under this Code. Within a reasonable amount of time after the emergency placement, the administration will schedule and hold the DAEP removal conference. If emergency placement involves a student with disabilities who requires special education services, the term of removal is subject to the requirements of federal law.

Appeal of a DAEP Placement

The student remains in the DAEP during all appeals.

Appeal of placement made by a Campus Administrator:

A decision by the principal or designee to place a student in the DAEP may be appealed to the

Director of Student Services. The appeal must be in writing and filed with the Director of Student Services within three days of the DAEP placement order. The appeal must state the basis for the appeal and what remedy the student or parent is seeking. The Director of Student Services will review the written appeal and the record of the removal prepared at the campus level. At his or her discretion, the Director of Student Services may schedule a conference with the student and the parent. If a conference is scheduled, it shall be held within five days of the filing of the appeal. After the conference is held, a written decision will be issued.

If no conference is scheduled, the Director of Student Services will issue a written decision within five days after the appeal is received. The Director of Student Services' decision may be appealed to the Board of Trustees by filing a written appeal with the Superintendent within three days after receipt of the decision. The written appeal must state all the bases for appeal. At the next regular Board meeting after the appeal is received, the Board will review the complete record of the disciplinary action, including all written appeals. The Board may choose to take no action after reviewing the record and appeal, which has the effect of sustaining the last administrative decision. The Board may also choose to schedule an appeal at a future meeting at which the parents may make an oral presentation of the appeal. The Board's decision in either case is final and may not be appealed.

Appeal of placement made by the DAEP Placement Committee:

A decision by the DAEP Placement Committee to place a student in the DAEP may be appealed to the Superintendent or designee. The appeal must be in writing and filed with the Superintendent within three days of the DAEP placement order. The appeal must state the basis for the appeal and what remedy the student or parent is seeking. The Superintendent or designee will review the written appeal and the record of the removal prepared at the campus level. At the administrator's discretion, the Superintendent or designee may schedule a conference with the student and parent. If a conference is scheduled, it shall be held within five days of the filing of the appeal. After the conference is held, a written decision will be issued. If no conference is scheduled, the Superintendent or designee will issue a written decision within five days after the appeal is received.

The Superintendent or designee's decision may be appealed to the Board of Trustees by filing a written appeal with the Superintendent within three days after receipt of the decision. The written appeal must state all the bases for appeal. At the next regular Board meeting after the appeal is received, the Board will review the complete record of the disciplinary action, including all written appeals. The Board may choose to take no action after reviewing the record and appeal, which has the effect of sustaining the last administrative decision. The Board may also choose to schedule an appeal at a future meeting at which the parents may make an oral presentation of the appeal. The Board's decision in either case is final and may not be appealed.

120-Day Review of DAEP Status

What is a review? Who attends? Both the discipline and the academic status of students assigned to the DAEP will be reviewed at least every 120 calendar days. At the review, the parents may make arguments for the student's return to the regular classroom. If the student is in high school and is to remain in the DAEP, the administration, together with the parents, will establish a plan designed to assist the student's progress toward meeting high school graduation requirements. The District is not required to provide all of a student's courses necessary for graduation while the student is assigned to the DAEP but must offer an opportunity for the student to complete courses before the beginning of the next school year without charge to the student.

Expulsion

What happens to students younger than 10 who commit expellable offenses? Students younger than ten who commit expellable offenses will be placed in a Discipline Alternative Education Program.

What happens to students younger than 6 who commit expellable offenses? Students younger than six will not be expelled or placed in a Discipline Alternative Education Program for any reason other than bringing a firearm to school.

What is the length of expulsion? Expelled students will generally serve a term of one semester. In no event will any term of expulsion be fewer than 4 days and will generally not extend into the following school year except when the offense occurs during the last six weeks of school and involves a mandatory expellable offense. In no event will an extended expulsion continue beyond the end of the first semester of the following year. If an expulsion term is inconsistent with these guidelines, the expulsion order will give notice of that inconsistency. At the discretion of the Director of Student Services or other designee, a student may also receive a DAEP assignment in conjunction with the expulsion. In some circumstances, an expulsion term may be longer than one year if, after a review, the administrator determines that the student is a threat to the safety of other students or to employees or that an extended expulsion would be in the student's best interest.

Conduct That Warrants Expulsion

What conduct warrants expulsion? A student shall be expelled if the student, on school property or while attending a school-sponsored or school-related activity on or off school property:

1. uses, possesses, or exhibits a firearm (including a starter gun), a location-restricted knife, a club, or a prohibited weapon, including martial arts objects (such as shurikan [throwing stars], nunchakus ["nun-chucks"], tonfa [wooden weapon], staff, baton [short stick], bolo [long cord with weights at end]);
2. commits aggravated assault, sexual assault, aggravated sexual assault, arson, murder, capital murder, criminal attempt to commit murder or capital murder, indecency with a child, aggravated robbery, manslaughter, or criminally negligent homicide; aggravated kidnapping
3. sells, gives, or delivers to another person marijuana or a dangerous drug;
4. uses, possesses, or is under the influence of, marijuana or a dangerous drug if the conduct is a second offense in the same school year or a felony offense.
5. sells, gives, or delivers to another person an alcoholic beverage, or commits a serious act or offense while under the influence of alcohol;
6. uses, possesses, or is under the influence of an alcoholic beverage, if the conduct is a second offense in the same school year or a felony offense.
7. assaults a school employee or volunteer, and the assault results in bodily injury;
8. commits criminal mischief with damage exceeding \$1500;
9. engages in serious or persistent misbehavior while in a DAEP.

A student will also be expelled if he or she commits any offense listed in items 1, 2, or 7 above against a District employee or volunteer in retaliation for or as a result of the person's employment or other work in the District, without regard to where the conduct occurs.

Definitions of the above offenses can be found in the glossary section of the Code of Conduct.

What is "serious or persistent misbehavior"? "Serious misbehavior" includes, but is not limited to, the following offenses:

1. Conduct punishable as a felony.
2. Assault resulting in bodily injury.
3. Terroristic threats involving a public school.
4. Offenses relating to marijuana, controlled substances, and dangerous drugs
5. Offenses relating to alcohol.
6. Offenses relating to abuse of volatile chemicals.
7. Vandalism or criminal mischief in any amount of damage.
8. Aggressive, disruptive action that substantially disrupts or materially interferes with school activities.
9. Profanity, vulgar language, or obscene gestures directed toward teachers or other school employees.
10. Fighting, committing physical abuse, or threatening physical abuse.
11. Falsification of records, passes, or other school-related documents.
12. Sexual harassment of a student or District employee.
13. Refusal to accept discipline management techniques assigned by teachers or the administration.
14. Indecent exposure.
15. Public lewdness.
16. Retaliation against a school employee, regardless of where the conduct takes place.
17. Committing or assisting in a robbery or burglary.
18. Committing extortion, coercion, or blackmail.
19. Any misbehavior that gives school officials reasonable cause to believe that the conduct will substantially disrupt the school program or incite violence.
20. False report or alarm of a bomb, fire, or other emergency involving the public school.
21. Repeated offenses warranting in-school suspension.
22. Failure to attend DAEP and /or comply with the rules of DAEP.

"Persistent misbehavior" consists of two or more separate violations of the Student Code of Conduct in general or repeated violations of the same offense.

NOTE: A student who is charged with an offense warranting expulsion may be suspended for 3 days and /or placed in the DAEP during an investigation and pending the expulsion hearing.

What conduct occurring in proximity to a school may warrant expulsion? A student may be expelled, at the discretion of the Director of Student Services or other designee in view of all the facts and circumstances, for any of the following offenses when they occur on or with 300 feet of school property, as measured from any point on the school's real property boundary line:

1. Deadly conduct.
2. Committing any offense stated in item 1 and 3 under Conduct That Warrants Expulsion
3. Engaging in bullying that encourages a student to commit or attempt to commit suicide; or inciting violence against a student through group bullying; or releasing or threatening to release intimate visual material of a minor or a student who is 18 years of age or older without the student's consent.

What conduct occurring outside of school may warrant expulsion? A student may be expelled, at the discretion of the Director of Student Services in view of all the facts and circumstances, for

any of the following offenses, regardless where they occur:

1. Intentionally or knowingly damaging personal property, including real estate and tangible personal property belonging to any public school or institution of higher education, and the amount of loss is greater than \$1,500.
2. Intentionally or knowingly damaging the property of any other person without the person's consent, and the amount of loss is greater than \$1,500.
3. Making a false report or alarm or a terroristic threat involving a public school.
4. Assaulting an employee or volunteer in retaliation for or because of the person's relationship with the school and the assault results in bodily injury.
5. Committing aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, criminal attempt to commit capital murder, or aggravated robbery against another student.
6. Committing any offense listed at item 1-6 under Conduct That Warrants Expulsion on the school property of another Texas school district or while attending a school-sponsored or school-related activity of another Texas school district.
7. Engaging in bullying that encourages a student to commit or attempt to commit suicide; or inciting violence against a student through group bullying; or releasing or threatening to release intimate visual material of a minor or a student who is 18 years of age or older without the student's consent.

Procedures for Expulsion

Before a student is expelled, the student will have an opportunity for a due process hearing that will include the following;

1. At least three days prior written notice of the charges and the proposed sanctions so as to afford a reasonable opportunity for preparation, including a written invitation to the student's parent or guardian to attend the expulsion hearing. The notice will also include the date, time, and location of the hearing, the evidence to be presented, and the names of adult witnesses who will present evidence at the hearing;
2. right to a full and fair hearing before the Director of Student Services or other designee;
3. right to have representation at the hearing;
4. opportunity to testify and to present evidence and witnesses in his or her defense; and;
5. opportunity to examine the evidence presented by the school administration and to question the administration's witnesses.

Who may be the student's representative at the hearing? At the hearing, the student is entitled to an adult representative or legal counsel who can provide guidance to the student and who is not an employee of the District.

What happens if the student, parent, and/or representative fail to attend the hearing? The District may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends, provided the District makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing.

What type of evidence may be presented by the District? In an expulsion hearing, the District may rely on hearsay evidence of school administrators who investigate disciplinary infractions. This means that the school administration may present evidence or statements taken from students without revealing the identity of the student. The decision for expulsion will be based exclusively on the evidence presented at the hearing. The student may be expelled based on the Hearing Officer's

reasonable belief that the evidence shows that it is more likely than not that the student committed the offense(s) with which he or she was charged.

How will parents be notified of the expulsion decision? The Hearing Officer will deliver a copy of the order expelling the student to the student's parent or guardian, who is responsible for providing adequate supervision for the student during the period of expulsion.

In addition to notifying the parents, and not later than the second business day after the date an expulsion hearing is held, the Hearing Officer will deliver a copy of the expulsion order to the authorized officer of the juvenile court in the county in which the student resides. The Hearing Officer will also provide the child's and parent's names and address, names and addresses of any witnesses, and a complete statement of the circumstances surrounding the conduct to the juvenile board, as required by Family Code 52.041.

What happens if a student withdraws from San Angelo ISD rather than be expelled?

Withdrawal from school does not affect the District's authority to schedule and conduct a hearing on the conduct and enter an order of expulsion, regardless of whether the student or parent is present to participate.

The order of expulsion will be included with the records transferred to the new school district, including another public school, a campus charter program, or an open-enrollment charter school, and that district or school will be empowered to exercise its authority to honor the expulsion. Furthermore, even if we do not complete the expulsion process and issue an expulsion order, we will send disciplinary records to the next school, and that school has the authority to complete the expulsion process and issue an expulsion order.

Students who transfer out of this District to another public or private school, including students who withdraw from this District for the purpose of home schooling, will be required upon return to the District to complete the term of expulsion before being allowed to return to the regular campus, unless the student's records indicate the student served the days of expulsion in another district.

If a student transfers into this District from another school district in which the student was expelled, SAISD shall continue the expulsion for the term of the previous school's expulsion order.

If a student transfers into this District from another school district in which the student was placed in the Juvenile Justice Alternative Education Program, SAISD shall continue the expulsion for the term of the previous school's expulsion order.

If a student transfers into this District from an open-enrollment charter school or from another state and the District receives a copy of the expulsion order in the records from the other school, the District may enforce the terms of that expulsion order, provided the grounds for expulsion in the open-enrollment charter school or other state are grounds for expulsion in the District.

What happens when graduating seniors are expelled? When a student is expelled during the 12th grade, the District will not allow that student to participate in graduation ceremonies.

Appeal of Expulsion

A decision by the Expulsion Hearing Officer to expel a student may be appealed to the Superintendent or designee. The appeal must be in writing and filed with the Superintendent within three days of the expulsion order. The appeal must state the basis for the appeal and what remedy the student or parent is seeking. The Superintendent or designee will review the written appeal and

the record of the expulsion prepared by the Expulsion Hearing Officer. At the administrator's discretion, the Superintendent or designee may schedule a conference with the student and parent. If a conference is scheduled, it shall be held within five days of the filing of the appeal. After the conference a written decision will be issued. If no conference is scheduled, the Superintendent or designee will issue a written decision within five days after the appeal is received.

The Superintendent or designee's decision may be appealed to the Board of Trustees by filing a written appeal with the Superintendent within three days after receipt of the decision. The written appeal must state all the bases for appeal. At the next regular Board meeting after the appeal is received, the Board will review the complete record of the expulsion, including all written appeals. The Board may choose to take no action after reviewing the record and appeal, which has the effect of sustaining the expulsion. The Board may also choose to schedule an appeal at a future meeting at which the parents may make an oral presentation of the appeal. The Board's decision regarding an oral presentation is final and may not be appealed.

If the Board permits an oral presentation, the administration may also be asked to speak. No new evidence, including witnesses or documents, will be permitted or considered. The Board may set reasonable time limitations for presentations.

The student is expelled during any appeal.

Emergency Expulsion

The Director of Student Services or other designee, on his or her own order or at the request of a campus administrator, may order the immediate expulsion of a student, if the Director of Student Services or other designee reasonably believes that the action is necessary to protect people or property from imminent harm. At the time of the emergency expulsion, the student will be given oral notice of the reasons for the action, which must be a reason for which the student could be expelled on a non-emergency basis. Formal due process as explained under "Procedures for Expulsion" will occur within a reasonable time thereafter.

Formal Teacher Removal

In addition to the disciplinary techniques previously addressed in this Student Code of Conduct, a teacher may also, depending upon the severity of the circumstances, formally remove a student from class.

While we do not encourage formal removal by our teachers, we certainly recognize a teacher's right to do so and appreciate the necessity in certain instances. Formal teacher removal may accompany other forms of discipline consistent with this Code if warranted by the student.

What is the difference between being sent to the office and formal teacher removal? Students may be sent to the principal's office for committing minor classroom infractions. However, a student who has been documented to repeatedly interfere with a teacher's ability to communicate effectively with the students in the class or with the ability of the students to learn, or who behaves in a manner the teacher determines is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the students or with the ability of other students to learn will be formally removed from the teacher's classroom.

What is the process for formally removing a student from a teacher's classroom? Within three days of the formal teacher removal, a conference will be held between the principal or other appropriate administrator, the student's parent or guardian, the teacher removing the student from class, and the student. Pending the conference, the principal may place the student in another

appropriate classroom, ISS, or a disciplinary alternative education program. Following the conference, the principal will order the placement of the student. The principal will not return the student to the teacher's class without that teacher's consent, unless the Placement Review Committee determines that such placement is the best or only alternative.

Are there any special limitations associated with formal teacher removal? If a teacher removes a student class because the student committed any kind of assault against the teacher, the student may not be returned to the teacher's class without the teacher's consent.

Police Presence at School

Secondary campuses have off-duty law enforcement officers working on the campuses as a resource to the campus administrator. Elementary campuses may call law enforcement to come to the campus if the administrator feels there is a need.

Off-duty law enforcement officers have all the powers and duties of their office at all times and may issue citations or arrest students for conduct that occurs at school as the duties of their office require.

School discipline occurs independently of law enforcement responses.

Summer School

Our summer school program is not part of the regular school year program. Students voluntarily attend summer school to earn additional credits, to re-take courses they did not pass in the regular school year, to receive intensive instruction in subject areas where they did not demonstrate mastery on the state assessment instruments, or to complete courses necessary for graduation that were incomplete because of the student's placement in DAEP. During summer school, students are expected to abide by the rules of conduct that are in place during the school year. We will handle minor, isolated violations of conduct expectations through parent conferences; however, students who commit serious offense or who have persistent behavior problems while enrolled in summer school will be withdrawn from the program.
